HEALTH & MEDICAL COORDINATING COALITION PPE AND MEDICAL SUPPLY CACHE SPEC SHEET

The Region 3 HMCC in partnership with Northeast Homeland Security Council (NERAC) and Region 3 Northeast Emergency Medicine Services has created a Personal Protective Equipment (PPE) Cache.

The cache within Region 3 is intended to serve as one method of leveraging Region 3 HMCC emergency preparedness funds to ensure first responders and health and medical facilities and personnel have a properly maintained stockpile of personal protective equipment and other medical supplies readily available on a regional scale to address larger than routine emergency events, as well as PPE and medical supply shortages that may occur.

This documents details the specifications of the items in the cache.

If there are any questions please reach out to the HMCC Duty Officer at Region3HMCCDutyOfficer@mapc.org or visit our website [here](http://www.mapc.org).
